In New Orleans, Barry Rivers fought the mob and exposed traitors inside the U.S. government. Then, when a bomb killed the woman he loved, he started life again under a new identity—with a new mission. Now Rivers travels America's highways in a midnight blue Kenworth with his dog named "Dog," and a whole lot of guns, bullets, and bombs packed into the cab. An attempted hijacking on a New Mexico highway puts Rivers face to face with an unholy alliance of terrorists—and brings him the able-bodied assistance of a female Air Force Special Ops officer who knows how to shift a truck and shoot to kill. Now Rivers and Lieutenant Meri Cutter are driving a rig loaded with top secret, super-explosive transport coast to coast. They're just waiting for the terrorists to make their next move—so they can strike back hard . . . and hit them where it counts. Live Free. Read Hard.

Science Fair Andrews McMeel Publishing

Best's anthology examines for the first time how diverse social issues--road rage, the metric system, gun control, and abortion are among those included--migrate across national boundaries, modifying themselves from place to place as a result of different claims, claimsmakers, and policy responses. This unique collection, assembled from new research by an international group of social problems scholars, will fill a gap in undergraduate and graduate level studies in the constructionist analyses of social problems, as well as in political science, public policy, and criminology. Claims concerning one social problem often influence those about another: claimsmakers borrow rhetoric and tactics from one another. In some cases, experienced claimsmakers join efforts to call attention to other social problems: compelling images (e.g., the threatened child or random violence) link claims about different problems and reactions to one set of claims. These case studies describe very different processes, ranging from deliberate attempts to disseminate social problem claims to developments that were more inadvertent, from successes in which social problem constructions spread to new countries to failures in which claims were sown, but failed to take root. They are intended to suggest that the diffusion of social problems is neither simple nor automatic. Joel Best is professor and chair, Department of Sociology and Criminal Justice, University of Delaware. He has served as an editorial advisor for Aldine that has produced fifty titles.

The true story of Bronze Star recipient

Allen Weseleskey and his high-risk rescue mission, carried out under heavy fire in Vietnam. Includes photos. When the going is fast and rough, I will not falter. I will be uncompromising in every blow I strike. I will be humble in victory. I am a United States Navy Flyer. —from "A Navy Flyer's Creed" Barely a month after the start of the Tet Offensive in 1968, a Navy flyer applied this creed—and dared to risk not only his career but also his and his fellow aircrewmen's lives in rescuing a wounded US Army advisor only moments from certain battlefield death. The pilot, Lt. Cdr. Allen E. "Wes" Weseleskey, had been assigned to the Navy's Helicopter Attack (Light) Squadron Three, the "Seawolves," at the Vinh Long Army Airfield. His controversial mission took place in March 1968 in the Mekong Delta region. Two ARVN companies were being overwhelmed and despite coming under heavy fire, Weseleskey decided to go in and rescue as many survivors as possible. The accompanying Seawolf was forced to turn back after taking hits, but Weseleskey, with the agreement of his crew, persisted—flying so low under the treeline that they were out of reach of the VC rocket launchers. Weseleskey was awarded the Bronze Star, the Distinguished Flying Cross, and the Navy Cross during his service. This is his story, from early assignments, clashes with superior officers, missions and rescues during the Tet Offensive, to homecoming. It is the story of a quintessential flyer, an American hero who was prepared to speak his mind and take risks—and of the vital role of the Seawolves in the Vietnam War.

"The remarkable story of Bryce Harper's unforgettable ride from Morse Stadium to the top of the baseball draft" (Jayson Stark, ESPN.com) updated from the hardcover edition (*The Last Natural*) to include his Rookie of the Year season! Before he famously became a Major League All-Star as a teenager, Harper already had dominated high school competition like Mickey Mantle on the playground and appeared on the cover of *Sports Illustrated*, which dubbed him the "most exciting prodigy since LeBron James." Seeking greater tests as a hitter, the precocious star got his GED after his sophomore year and enrolled at the

College of Southern Nevada, where he would face future pro pitchers in a difficult wooden-bat league. Sportswriter Rob Miech was "embedded" with the team—in the dugout and locker room and on team buses and in motel rooms—to provide a warts-and-all account of a boy among men playing like a man among boys. Amid fascinating personal stories including the dynamics between a veteran coach and Harper's overprotective father, the jealousies of teammates and opponents, and the sudden descent of press armies on a tiny college field, the author chronicles a season-long experiment that culminates in Harper leading the Coyotes to the Junior College World Series and signing a \$9.9 million contract negotiated by notorious agent Scott Boras. Sporting a fresh cover and a bonus chapter that covers Harper's award-winning rookie season with the Washington Nationals, this expanded edition of *Phenom* (originally published as *The Last Natural*) gives fans an all-access pass to baseball's newest rising star.

REVIEW OF ROAD WARRIOR DAVE BARRY

- I would simply like to clarify the [editorial] Weekly review on this website.

Amazon shoppers beware the reviewer never bothered to read this book. I've read this book three times, it's pure gold. Nowhere does Taylor mention anything about death sentences for drug dealers or anything about no appeal death sentences....Talyor also does not ignore the claim of "insitutional racism." He addresses it in great detail showing how its proponants offer on evidence to back it up. Taylor does not just blame black for their problems as [the review] suggests. Taylor simply asks for people of all colors to take responsibility. The...review is erronous. Amazon.com shopper deserve better.

- There is really not that much to picking up girls. If you read this book and do what it says you will get laid. Much of it is true such as not wasting your time with girls that are in a group and the girls that are out there just to boast their ego and spend your hard earned cash. I think this book could use more on being discrete when screwing girls. Even if you can get some girl to come home with you word may get out that you are just out for sex. That's not a good thing. Even if someone gives you eye contact and everything, you may want to think twice before proceeding, you don't know who they know and who they may tell even if you have sex with them.
