REVIEW OF STORE ATMOSPHERE DAN PERILAKU PEMBELIAN KONSUMEN DI TOKO

- This is about Martin the Warrior , a heroic mouse, the self-appointed Prince of Mousetheives (and best friend to Martin), Gonff, the totally evil wildcat Tsarmina, and sundry other animal characters. The plot is that (1) Martin is (after a sidetracked problem) questing for Salamandastron, (2) the woodlanders defending themselves from Tsarmina until Martin returns, and (3) what's happening in Kotir, the moldy, falling-down castle where Tsarmina and her horde of vermin (stoats, rats, foxes, weasels and so on). This is a good series because it never ends on a cliffhanger at the very end. Mr. Jacques is a wonderful author,

and I've read all his books except Eulalia!, because it isn't out yet. :(

- The story is one often told: a high-spirited young girl rouses the jealousy and suspicion of her Puritan neighbors. Her non-conformity gives rise to an occasion for her to be accused as a witch, and once accused, she is doomed. The real genius of this book is not in the plot per se (though the addition of the lover who takes advantage of the situation to convince Doll that she really is a witch and he as a demon is her appointed mate is a plausible and original twist. It is often overlooked that many of the people who perished in the witch-crazes believed themselves to be guilty, whether because of mental illness, infectious mass hysteria, or the confusion brought about by their terror during interrogation and torture.)But, as I was saying, the real genius in this book lies in the narrative style and tone. Esther Forbes makes the risky but ultimately successful decision to structure this book like those of the era for which the events of the plot would be recent past: readers of Defoe's Moll Flanders will feel a jolt of recognition at many of the odd capitalizations and lengthy chapter headings. In keeping with this, the narrator appears always to disapprove of the 'witch' and approve of the pious townspeople who persecute her. However, Forbes' skill is such that the underlying message - that Doll has been entrapped and destroyed by prejudice, superstition, and spite - is always clear in the subtle ironies of situations. The result is that the tone throughout is one of impending doom, and the sense of the injustice done to Doll is far keener than it might have been had the narrator railed against it.
