## REVIEW OF MASTER OF THE GAME PDF

- Antony Beevor (who has written two magnificent WWII books himself - "Stalingrad" and "The Fall of Berlin 1945") has extracted from Vasily Grossman's wartime notebooks the best of his many comments on what he saw and did and what happened between the time the Germans invaded Russia on June 22, 1941 and the fall of Berlin four years later. Not only was Grossman a brilliant writer and a keen and humane observer of all this, he was paid to do what he did. That was his job - to observe, comment and report for the Red Star. And he did a masterful job. Here preserved is the best of his stuff. You should really overlook all of the criticism by some of the cynics and "wise men" who have previously reviewed this book (and who, I often think, are as interested in showing you how smart they are as in reviewing the book) and read this not only for the overall knowledge you will gain but equally because it brings you right to the battlefield, to the men in the trenches, to the men fighting in the buildings of Stalingrad, to the poor lost souls fighting in the snow and cold and dust and heat in this terrible war in which the Russians lost 82 men for every 26 Germans (the ratio of US and British servicemen lost per the same figures was 1). Frankly - and I have to say this even though the subject matter was so tragic - it was a pleasure to read. You will never never forget Grossman's description of Treblinka; my eyes were moist/By all means buy it and read it I cannot recommend it too highly

- I'm very glad I've read this book, because it is truly one of the greatest, if not the greatest eye-witness account of the war on the eastern front. The chapter about the liberation of Dachau and the writer's thoughts about the Holocaust made me shiver, I've read dozens of books on the Holocaust but nobody ever put it to paper like Vasily did. If you haven't read this book, please do. You will never forget it.
