REVIEW OF MODERN OPERATING SYSTEMS TANENBAUM 3RD EDITION DOWNLOAD

- I suppose I first encountered Lois Moran as most people did, via Scott Fitzgerald's portrayal of her as Rosemary Hoyt, the ingenue in his tragic 1934 romance TENDER IS THE NIGHT. Since Arthur Mizener identified Lois Moran as Rosemary's "original" in his 1950s biography of Fitzgerald THE FAR SIDE OF PARADISE, her name once again became recognizable, and we began to think of her as a silent film star who must have been cute, but surely without talent otherwise wouldn't her performances

have survived? Now Richard Buller steps forward with this biography of the actress herself, both in and out of her relationship with the great novelist, and his book shows us that she's perhaps even more interesting when considered as an actress alone, and not just a Lolita-like playtoy. Buller explores the bond between Gladys (Lois Moran's mother) and her daughter, and rebuts the myth that Gladys was a conventional stage mother who disliked her daughter's interest in married men. Gladys is worthy of a book all of her own! She took Lois from their settled life in Pittsburgh and brought her to Paris as a teen to escape the repressive US climate of the day, and to show her daughter life in big beautiful capital letters. Stardom in the movies was only a sort of lagniappe to

Lois, who abandoned Hollywood when she married in 1935. And she was signally a free-lance player, one who evaded the contractual obligations of any one studio (except for a brief and not too happy contract with Fox). That may have precipitated her withdrawal from cultural memory, however, for I think in the classical cinema the studio really built their stars up, and the ones who played it free-lance aren't as well remembered today. (We know Clark Gable, for example, better than we know, say, Irene Dunne.) Buller has uncovered three short stories that Lois Moran wrote about Scott Fitzgerald, it's a shame that his publishers couldn't have authorized their publication in an appendix, for the excerpts he quotes are fascinating. Just as tantalizing are his

descriptions of some of Moran's movies. I for one am going to go on a hunger strike until Turner Classic Movies schedules a showing of WEST OF BROADWAY with John Gilbert--the ultimate "bad luck" movie from Buller's description. Lois Moran went to Broadway and starred in two Gershwin musicals (OF THEE I SING and LET 'EM EAT CAKE), then married an industrialist who ran Pan Am, Clarence Young. In the Youngs' luxury apartment here in SF's North Beach, on Vallejo Street, they hosted a secret wartime conference with FDR, Lindbergh, and other luminaries. I'm going to go there later today and try to

talk my way into the graces of the current owners of the building and photograph the room where it all took place. After Clarence and Gladys died, Moran's later struggles with alcohol make for sad reading. What a story! And what a woman!

- Oddly enough, this book talks more about Faeries and defends many accused of witchcraft of influence by the fair folk upon the glens and moors. It is a remarkable work that has Scott's own articulate hand bringing a very interesting world of Celtic myths and fables to life while the rigors of a new age dawn upon them.
