REVIEW OF WASHING MACHINE GUIDE MANUAL

- This is an exception pedagogical work for advanced players. It addresses virtually every facet of left hand technique. The approaches holding the instrument and bow are, respectively, treated in great detail: though one may quibble with details, everything stated in the explanations is sound. The exercises are amazingly efficient.

- I cannot say enough good things about this book. I've been using it for my whole pregnancy and it has answered every question I have and even some that I didn't think to ask. I highly recommend this book.
