## **REVIEW OF HOUSE OF ROBOTS SERIES**

- I did not realize that the copy of this book was a very small book. I expected the regular size paperback which I own of my own copy. The print in the book I received is also very small. I bought it for a friend and good thing she is young. She has good eyes. I was disappointed.

- Women Who Run With the Wolves was recommended to me in casual conversation by a woman I barely knew. I am so thankful that I wrote down the title and found it. Though I did not know what to expect when I started reading it, I quickly realized the amazing power of the messages it shares. I highly recommend this book and wish all women (and men, in fact) would read it and recommend it to their friends. You will be doing yourself and your friends a huge favor.
