REVIEW OF HONDA TWINSTAR SERVICE MANUAL

- I've used this text 3 times with mixed results. Most students begin to catch on to, and even enjoy, the exercises. But when all is said and done, there's still some question of "What was the point of all that?" It doesn't help that the most recent edition contains a couple of subject-verb agreement problems in the text and that the paperback cover is one of those that immediately begins to curl up. I await the next edition.

- The book I ordered "used" was still in the original shrink wrap, and a luxuriously printed book which I not only study from, but leave out as a coffee table book. I don't know how they can afford to charge so little, but I am delighted at my purchase.
