### REVIEW OF TOYOTA PRIUS SHOP MANUAL

- For a great read, get out your Chopin CDs and settle in for a book filled with twists, turns, and unexpected surprises from a wonderful, descriptive, and energetic writer. From page one you can HEAR, FEEL, and TASTE this book. I couldn't put it down and you wont want to either. Enjoy...don't wait for the paperback!
- A decade or so ago a friend who was going through a rough patch in her life had a therapist who highly recommended this book of meditations. I happened to be in Barnes and Noble with her when she bought Melody Beattie's book, and after perusing a few of the passages, I bought one for myself. What a difference reading The Language of Letting Go made (and continues to make) in my life.I've bought and given away several copies of Letting Go since that night in the bookstore in the hope that my friends will benefit as much as I have from these sage words of "gentle" advice and reminders that we deserve "the best that life and love have to offer." A few of my personal favorites are the reminders to be patient and realize that timing is perfect, that it's okay to say "no" sometimes and equally okay to say yes to what feels right and good, and that we are responsible for taking care of ourselves.The realization that we are being divinely led and that we need to trust our Higher Power is reinforced throughout the book. Anyone interested in growth and self-care will benefit from reading it.
