## REVIEW OF INTRODUCTORY STATISTICS PREM S MANN

- From the first page I fell in love with John Steinbeck's way of writing - his humble and delicate language. In this sweet novel Steinbeck has created an interesting set of characters and he

chose to set the novel a few miles south of Soledad (loneliness in Spanish) in the 1930's. It tells the story of the two friends, George (the smart one) Lennie (the dumb one), whom have no family, and no place that they can call "home". To make a living Lennie and George work on the different farms around, trying to save up money. They have a dream of buying a place of their own.. A piece of land where they can grow their own crop and where Lennie can have rabbits. It is this dream that keeps these two friends going. This short novel captures you easily. "Of Mice and

Men" is a touching and sad story about friendship and the need for everyone to belong. Well written and highly recommended!

- I think this is an excellent story which is very thought provoking. It's a tale of two unlikely partners who are in pursuit of their American dream. The dream ends tragically for many of the characters, who are all very different yet very similar in predicament. It's not long, but I'd definitely recommend this book.
