REVIEW OF HANDYTIG 200 AC DC CONTROL PRO GALEB

- I agree with all the rave reviews--this book is a "must-read" in order to understand what is going on in the world today. The title refers ironically to the justification that World War I was a war to end all war. The peace that followed the First World War, including the carve-up of the former Ottoman Empire by the Allied powers and encouragement of nationalism by Woodrow Wilson, led to disaster. A good companion for Barbara Tuchman's "The March of Folly".

- I know that I read this book many years ago in English classes but I am enjoying it so much more - still haven't finished and am looking forward to the next chapter.
