### REVIEW OF 0810957914 UUS21

- A friend gave me this book and to tell you the truth I didn't know what to expect. I knew about Ms. Hanover because of her public divorce to Mr. G., who for all his virtues was an unfaithful husband -- so I expected the book to be mean spirited and angry. But it's completely the opposite! It's warm, charming, witty and very well written. A delight from first page to last. I couldn't have been more surprised...or more pleased. I bought a copy for my sister (who likes uplifting, hopeful stories). I'm sure that she will love it, too.

- This book, intermediate in level, is a great textbook for european students or students interested in European economics. It's nice to read a european oriented book every now and then when most economics books are American. The book deals the with modern approach to macro economics and uses micro-economic foundations. It gives timely examples and lively case studies taken from the European and global economic scene. Even for business school students this book will be very usefull in understanding the european economic envoronment. Moreover it's well written, easy to read style.
