### **REVIEW OF ENERGY ITS USE AND THE**

## ENVIRONMENT 5TH EDITION PDF

- I read this book because it was assigned to my daughter for summer reading. Although I did find some of the situations humorous, I never could figure out why Taylor decided to keep Mattie. Her relationships with other people were more fully developed than with Mattie, and I kept waiting for some evidence that she was beginning to love the

little girl, but all of a sudden she decides to keep her and goes to great lengths to do so. Some of the other situations in the book didn't ring true either. Overall the book was less than satisfying, but an easy afternoon's read if you want something to do.

- I used the original edition for years until it finally fell apart, so this latest edition is a most welcome addition to my library. It is very helpful for any crossword fanatic like myself.
