REVIEW OF EXPLORING WRITING PARAGRAPHS AND ESSAYS 2ND EDITION

- I am sorely disappointed that the movie John Carter did not incorporate more of this great work of fiction. It keeps you riveted from the start, the Barsoom of Mr. Burroughs would be a astonishing place to visit.
- I really enjoyed reading about World War II and Hitler. I read The Gadget in an advanced reading class, this book is mostly geared toward boys in general. I was surprised when someone turned out

to be a spy. If you are going to buy this book I actually wouldn't pay [very much money for it]. I would rather get the book from the library than pay for it. The book doesn't last long enough for me. I

didn't quite understand what 'The Gadget' in the story was. If you like reading about history and spies this book might be right for you.
