REVIEW OF CARNEGIE LEARNING SKILLS PRACTICE ANSWERS ALGEBRA 1

- I'm normally quite picky about fantasy that I read (being such a huge Tolkien fan) so I didn't expect to much when I started to read this. But as soon as I picked it up I couldn't put it down!! It doesn't have doesn't have the same beautiful, flowing script of Tolkien's novels but it is very well written. And it has a extremely intriguing storyline that flows very well. I highly recomened this book even for people who do not normally like fantasy.
- This book has very good characters. They grow and develop quite well. Unfortunately this overshadowed by the fact that he plot is easily guessed three or four chapters in advance. Another of this books shortcomings is that it blatantly steals nearly all of its material from other authors. Despite all of its short-comings I would still reccomend it.
