Okonkwo is the greatest warrior alive, famous throughout West Africa. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. Chinua Achebe's stark novel reshaped both African and world literature. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in Arrow of God and No Longer at Ease.

Discovered in the attic in which she spent the last years of her life, Anne Frank's remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. "The single most compelling personal account of the Holocaust ... remains astonishing and excruciating."—The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the "Secret Annex" of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

The Tempest is a play by William Shakespeare, probably written in 1610-1611, and thought to be one of the last plays that Shakespeare wrote alone. After the first scene, which takes place on a ship at sea during a tempest, the rest of the story is set on a remote island, where the sorcerer Prospero, a complex and contradictory character, lives with his daughter Miranda, and his two servants-Caliban, a savage monster figure, and Ariel, an airy spirit. The play contains music and songs that evoke the spirit of enchantment on the island. It explores many themes, including magic, betrayal, revenge, and family. In Act IV, a wedding masque serves as a play-within-the play, and contributes spectacle, allegory, and elevated language.

The fundamental mathematical tools needed to understand machine learning include linear algebra, analytic geometry, matrix decompositions, vector calculus, optimization, probability and statistics. These topics are traditionally taught in disparate courses, making it hard for data science or computer science students, or professionals, to efficiently learn the mathematics. This self-contained textbook bridges the gap between mathematical and machine learning texts, introducing the mathematical concepts with a minimum of prerequisites. It uses these concepts to derive four central machine learning methods: linear regression, principal component analysis, Gaussian mixture models and support vector machines. For students and others with a mathematical background, these derivations provide a starting point to machine learning texts. For those learning the mathematics for the first time, the methods help build intuition and practical experience with applying mathematical concepts. Every chapter includes worked examples and exercises to test understanding. Programming tutorials are offered on the book's web site.

"My heart is afraid that it will have to suffer," the boy told the alchemist one night as they looked up at the moonless sky." Tell your heart that the fear of suffering is worse than the suffering itself. And that no heart has ever suffered when it goes in search of its dreams." Every few decades a book is published that changes the lives of its readers forever. The Alchemist is such a book. With over a million and a half copies sold around the world, The Alchemist has already established itself as a modern classic, universally admired. Paulo Coelho's charming fable, now available in English for the first time, will enchant and inspire an even wider audience of readers for generations to come. The Alchemist is the magical story of Santiago, an Andalusian shepherd boy who yearns to travel in search of a worldly treasure as extravagant as any ever found. From his home in Spain he journeys

to the markets of Tangiers and across the Egyptian desert to a fateful encounter with the alchemist. The story of the treasures Santiago finds along the way teaches us, as only a few stories have done, about the essential wisdom of listening to our hearts, learning to read the omens strewn along life's path, and, above all, following our dreams.

Mrs. Louise Mallard, afflicted with a heart condition, reflects on the death of her husband from the safety of her locked room. Originally published in Vogue magazine, "The Story of an Hour" was retitled as "The Dream of an Hour," when it was published amid much controversy under its new title a year later in St. Louis Life. "The Story of an Hour" was adapted to film in *The Joy That Kills* by director Tina Rathbone, which was part of a PBS anthology called *American Playhouse*. The Merchant of Venice has been performed more often than any other comedy by Shakespeare. Molly Mahood pays special attention to the expectations of the play's first audience, and to our modern experience of seeing and hearing the play. In a substantial new addition to the Introduction, Charles Edelman focuses on the play's sexual politics and recent scholarship devoted to the position of Jews in Shakespeare's time. He surveys the international scope and diversity of theatrical interpretations of The Merchant in the 1980s and 1990s and their different ways of tackling the troubling figure of Shylock.

REVIEW OF ISC ENGLISH LITERATURE SELF STUDY

• I have read *The Complete Sherlock Holmes* and it is marvelous reading. It is the best kind of reading. It keeps your mind alert while you figure out who was behind the crime. Sir Arthur Conan Doyle is a genius at feeding us crumbs of clues that at times you ache for another clue because you're not quite sure yet. But the best part is that we the readers can have fun following the clues and taking a stab at deducing who done it.

• From my title you might assume I am stating that Dan Simmons cannot write. Quite the contrary, Mr. Simmons is an excellent author --- I could only dream of being half the writer he is. But Mr. Simmons needs some help with endings. Now don't jump on me for criticizing this portion of his writing style, but I'm becoming a little concerned (perturbed maybe?) with the way he ends his novels. I started with *Hyperion* --- which was an absolutely awesome story --- and 'graduated' through that series. Now I've finished *Song of Kali* and noted the same problems. His endings....well...stink. Sorry, but there's no other way to put it. But let's move on....*Song of Kali* is the story of Mr. Robert Luczak and his discovery of evil incarnate growing within Calcutta. The story is basically about loss in the extreme, but retaining one's vision of why we continue on even in the face of overwhelming and insurmountable obstacles. Mr. Luczak initially goes to India on assignment for Harper's Magazine to find out if a famous Poet ---M. Das --- is still alive after years of no one seeing him and being presumed 'dead.' A Poet manuscript has been discovered that fits the writing style of M. Das and Mr. Luczak has to find out the truth as to its origins. He soon falls into the cracks of the black background of Calcutta and discovers death and dismay at every corner. The descriptions of Calcutta are vivid and depressing (just as they should be coming from Mr. Simmons). Mr. Luczak soon learns that this isn't the place to be but seems helpless to leave or get his family to safety. Driven forward by his desire to 'finish his assignment' he is forced into a soul and death struggle once he encounters *The Song Of Kali*. But even after his return to America (minus a family member --- but I won't tell you who) he seems embittered and lost. His soul is fighting between light and darkness and he is forced to return to Calcutta by the Song. But he can't obey the Song of Kali and forces himself back again to America where he settles down once again. But to what end? The blackhole of Calcutta remains and will it devour the world of light? It appears that only Mr. Simmons know this. Frustrating.Okay, but would I recommend this book. Definitely. Mr. Simmons is a master-storyteller...at least up til the end. This is good literature, however.
