REVIEW OF ANCIENT EGYPTIAN ART

- Loved it, and when it was over, I wished it wasn't. While some call it "verbose", I would disagree, saying that they probably did not catch the full plot, and were not reading the book, but skimming though 1400+ pages with negative feelings already in mind.
- Women From Another Planet knocked

my socks off, enlightened me and gave me insight into the lives of autistic people. It also points out how we neurologically typical people often treat autistic people as if they are worth less than we are, sometimes with absolute cruelty. It was quite ironic to read about the "normal" persons insensitivity, lack of imagination, and selfish selfcenteredness (all supposedly autistic traits) around many of these women. I found the whole book marvellous and fascinating. Since there are 19 contributors, the variety of experiences and traits is huge. A good read!
