REVIEW OF MODERN FLUTE CONCEPT

• I have read/recommended every book that Sedaris has written. "Barrel Fever" started my love affair with him, and I haven't been disappointed with "Naked" or "Me Talk Pretty One Day" either. The thing I love most about his writing technique is that you can go from laughing out loud one minute to feeling really touched by the end of the chapter. I LOVED his personal experiences growing up. I was born and raised in North Carolina, and to hear about growing up there from a transplant's perspective was hysterical. It also never ceases to amaze me that when you're sitting on a beach or by a pool and have someone spot you reading one of his book's an immediate conversation will begin about how wonderful he is and a recommendation will inevitably come your way about anyone who has read his series. I haven't met an author that could inspire any of that before.

• David Sedaris has always been one of my favorite writers. He is by far the wittiest individual I have become "acquainted with". I am so excited that he has succeeded in publishing another collection of autobiographical situations, circumstances, and events. I laugh out loud everytime I read his works and have found his book on CD an excellent complimentary masterpiece. Sedaris is smart, funny, and utterly honest. Someone once told me to write well, you must write about what you know. And David really knows!
