## **REVIEW OF READ UNISA APPLICATION FOR SECOND SEMESTER 2019**

- I hate to say I really enjoyed this book because "enjoyed" is probably harsh when you think about what the book is about. However I am very glad I bought it as it kept me quiet and installed for a very long time. I know when I read it a

second time I will probably learn even more. There was great thought put into it. Yes it has paedophile references but we all know that goes on in the world. Refusing to read about it when the story is a very sympathetic read is silly.

- Just like the title says, this book is a series of lessons in making bobbin lace. Starts at the very beginning with gathering/making equipment and takes you step by step from doing simple backgrounds to more indepth patterns. If you have any interest in bobbin lace, buy this book.
