REVIEW OF ASWB EXAM STUDY GUIDE

- Ok, this book is right there where I needed it. It shows how to mix soils, how to set up all diff types hydros, how to build various indoor grow rooms, how to make hash, how to add nutrients, the photos are super, and its all around easy to read. No horticulture mumbo jumbo definitions-- it breaks growing down in a step by step process including info at times as far as the production of the light bulb, which is interesting in helping me know quality from cheap crap. Colorful, well written and organized.

- The book I purchased was listed as new. It came wrapped in seran wrap like I have in my kitchen. There was a small stain which I was not pleased with. The item was a wedding present for my daughter and I was disappointed in the purchase, but my daughter insisted on keeping it. I feel the "new" condition was mis-represnted.
