## **REVIEW OF BLUEPRINT FOR TOMORROW REDESIGNING SCHOOLS FOR STUDENT CENTERED LEARNING**

- My name is Kevin Olson I am a senior at walla walla high school and I recently read the book 1984, I really enjoy most science fiction books, but in 1984 I had complaints about the fact that I felt like i was outside looking down on the characters instead

of being along side of them during the different ordeals through out the story. the mood generally seemed hopeless in both the beginning and the ending. I think that it was like a movie with a very bad ending. so if you want to watch a movie thats based on this book, but has a better ending then go ahead and watch the movie equilibrium.

- I ordered this copy specifically so I would have it for a class and the page numbers would correlate; however this is not the copy I received! I'm going to be extremely dissatisfied if I find that the pages don't in fact correlate. Overall though, it's in great condition just like it was stated. I would just like for both the buyer and the seller to keep this in mind as a purchase is made.
