A cautionary account of climate change and the global water supply. "You will not turn on the tap in the same way after reading this book." —Robert Redford In a book hailed by Publishers Weekly as a "passionate plea for access-to-water activism," Blue Covenant addresses an environmental crisis that—together with global warming—poses one of the gravest threats to our survival. How did the world's most vital resource become imperiled? And what must we do to pull back from the brink? In "stark and nearly devastating prose", world-renowned activist and bestselling author Maude Barlow—who is featured in the acclaimed documentary Flow—discusses the state of the world's water. Barlow examines how water companies are reaping vast profits from declining supplies, and how ordinary people from around the world have banded together to reclaim the public's right to clean water, creating a grassroots global water justice movement. While tracing the history of international battles for the right to water, she documents the life-and-death stakes involved in the fight and lays out the actions that we as global citizens must take to secure a water-just world for all

(Booklist). "Sounds the water alarm with conviction and authority." —Kirkus Reviews "This book proves that water deserves another destiny." —Eduardo Galeano "Blue Covenant will inspire civil society movements around the world." —Vandana Shiva

#### Blue Covenant World Bank Publications

ORIGIN OF THE PROJECT In Spring of 1968 a research project concerning the scholastic philosophy in the Iberian Colonies of America was submitted to the Institute of Latin American Studies in the University of Texas by Dr. Ignacio Angelelli, of the Department of Philosophy of the same University. I should like to quote some relevant passages from the proposal by way of historical back ground. In the last decade, leading philosophical historiography has become more and more interested in the "minor" figures and the "traditional" schools which flourished between 1500 and 1800. Historians of philosophy are interested not only in men like Descartes and Kant, but also in the less brilliant and more "conservative" authors. It is also interesting to note in this regard that the late Professor P. Wilpert (Cologne), editor of the new edition of Ueberweg, intended to divide the section on the Neuzeit into two volumes, one for the major figures and the other for the exponents of the various forms of scholasticism of the period 1500-1800. One of these conservative philosophical movements is what has been called the *seconda scolastica*, which developed in Catholic countries and particularly in Spain and Portugal. Naturally, this "traditional" thought in Europe after 1500 was bound to have an impact on the Spanish and Portuguese Colonies. Indeed, the amount of scholastic

philosophy taught in the American Colonies between 1530 and 1800 is impressive. This fact has not yet been acknowledged by international historiography.

#### *Blue Gold* HarperCollins

„Nu pot decât să-i fiu recunoscător dnei Marinela V. Ardelean pentru efortul său, mereu reiterat, de a face cunoscut profilul românesc al oenologiei europene. Cititorul, localnic sau străin, află tot ce nu știa, sau știa vag, despre un patrimoniu care își merită locul printre valorile protejate ale civilizației noastre. Inventarul e amplu și alcătuit cu acribie, autoarea are toate calitățile unui comunicator eficient: expertiză (globală și circumstanțială), hărnicie inteligentă, profesionalitate pragmatică, farmec personal. Mai în glumă, mai în serios, ea reușește, prin acest volum, ceea ce nu reușește istoria contemporană: unificarea spațiului românesc, consemnarea continuității dintre spațiul de dincoace de Prut și cel al Republicii Moldova. Avem ce bea, avem ce citi, avem ce visa. Un cuvânt de laudă și pentru ținuta grafică a cărții: avem și ce privi! Lectură plăcută! Noroc!“ – Andrei Pleșu „I can only thank Mrs Marinela V. Ardelean for her effort, always reiterated, to make the Romanian profile of European oenology known. The reader, local or foreign, finds out everything he did not know, or he barely knew, about a patrimony that deserves its place among the protected values of our civilization. The inventory is extensive and rigorous, the author has all the qualities of an efficient communicator: expertise (global and circumstantial), intelligent workmanship,

pragmatic professionalism, personal charm. As a joke, but not really, she succeeds, through this volume, where contemporary history fails: the unification of the Romanian space, marking the continuity of the space between this side of the Prut and the Republic of Moldova. We have what to drink, we have what to read, we have what to dream of. A word of praise for the graphic outfit of the book too: we also have what to look at! Enjoy your reading! Cheers!" - Andrei Pleșu

### **Research Methods in Human Rights** Routledge

Dianetics started the most controversial science of our modern times. The first printing sold out in a month. And within two months, 500 grassroots Dianetics groups sprang up across the US. Since then, it's sold over 83 million copies in over 50 languages. But this book also drew intense opposition from the medical establishment and from at least half a dozen Federal agencies. The reason for its controversy? Dianetics showed a

person how to become aware of, and to deal with, past traumatic experiences so he was no longer bothered by them. It was so effective, it could uncover deeply repressed experiences--including ones that happened when a person was unconscious... such as car accidents and operations. Nobody at the time imagined that some people--as they looked into their past--would discover they had been unknowingly subjected to experiments while they were unconscious in hospitals. They had been subjects of cold war brainwashing and mind control research conducted by the CIA on unsuspecting patients. It was a secret the government was desperate to keep hidden. In your hands you now hold the science of the mind that uncovered it all. Dianetics gives you a clear explanation of how the mind works with easy-to-use, self-help techniques you can use to unlock your dormant abilities. This edition is a re-release of the original book exactly as Hubbard originally published it in 1950. It contains six important chapters that were part of the original 1950 edition, but have been removed from versions on sale by the Church of Scientology (Bridge Publications). That's 11% of the original content reclaimed for a complete understanding and application of Dianetics techniques. You'll also find an additional chapter by the editor called, "Warning of Black Dianetics," revealing how the Church of Scientology has altered Dianetics to forward its religious dogma, and to withhold the work-ability of Dianetics from its own members. The appendix contains free sources of information that can be found online for additional help and further study.

**Mystic Isles of the South Seas** The New Press

Presents examples of how water markets are working in the United States and abroad and examines the development of water law.

**The Kinslow System** Cosimo, Inc.

## THE POWER OF BOOK RECOMMENDATIONS

*Romania's Path to Shared Prosperity* Edward Elgar Publishing

The falls of Fautaua, famed in Tahitian legend, are exquisite in beauty and surrounding, and so near Papeete that I walked to them and back in a day. Yet hardly any one goes there. For those who have visited them they remain a shrine of loveliness, wondrous in form and unsurpassed in color. Before the genius of Tahiti was smothered in the black and white of modernism, the falls and the valley in which they are, were the haunt of lovers who sought seclusion for their pledgings. A princess accompanied me to them. She was not a daughter of a king or queen, but she was near to royalty, and herself as aristocratic in carriage and manner as was Oberea, who loved Captain Cook. -from Chapter XII In the years prior to World War I, American author FREDERICK O'BRIEN (1869-1932) took a grand tour of the South Pacific, and the trilogy of books he wrote upon his return sparked a new thirst for all things exotic, far-flung, and gloriously "uncivilized." In the second of these volumes, 1921's *Mystic Isles of the South Seas*, O'Brien explores the "merriest, most fascinating world of all the cosmos": the islands of Tahiti and Moorea. This is no simple account of ships boarded and sights seen: O'Brien takes us along on his journey of the heart and soul, to a land where a dance is an expression of passion, the sea is a living being, and fishing is practically religion. But O'Brien also makes pointed and poignant note of the inevitable death of this world, to which Westerners introduced the evils of alcohol and Asians were coming to dominate the population. This is a unique perspective on the South Seas cultures of old just as they were disappearing. OF

A PULITZER PRIZE FINALIST A Publishers Weekly Best Book of the Year National Book Award-winning biographer Deirdre Bair explores her fifteen remarkable years in Paris with Samuel Beckett and Simone de Beauvoir, painting intimate new portraits of two literary giants and revealing secrets of the biographical art. In 1971 Deirdre Bair was a journalist and recently minted

Ph.D. who managed to secure access to Nobel Prize-winning author Samuel Beckett. He agreed that she could be his biographer despite her never having written—or even read—a biography before. The next seven years comprised of intimate conversations, intercontinental research, and peculiar cat-and-mouse games. Battling an elusive Beckett and a string of jealous, misogynistic male writers, Bair persevered. She wrote *Samuel Beckett: A Biography*, which went on to win the National Book Award and propel Deirdre to her next subject: Simone de Beauvoir. The catch? De Beauvoir and Beckett despised each other—and lived essentially on the same street. Bair learned that what works in terms of process for one biography rarely applies to the next. Her seven-year relationship with the domineering and difficult de Beauvoir required a radical change in approach, yielding another groundbreaking literary profile and influencing Bair's own feminist beliefs. *Parisian Lives* draws on Bair's extensive notes from the period, including never-before-told anecdotes. This gripping memoir is full of personality and warmth and gives us an entirely new window on the all-too-human side of these legendary thinkers.

## REVIEW OF MODEL FACTURA FISCALA CREAT IN WORD SI EXCEL 2INVOICE

- This was one of the best I have ever read, and trust me, I have read A LOT of books! This book is the story of Arianna, a troubled girl whose whole life changes when she sees a wizard, before that she was a thief and not a very good one because she kept getting caught. The book also tells the story of wizards and those who defend each from evil warlocks and terrible creatures. It is funny in many parts with lots of action and adventure. I was amazed that an author as young as JR King can right such and amazing and magical story. I can't wait until the next one comes out, because if it doesn't, I will drive my friends insane, raving on about how the book was so good. I would rate this book with 5 stars, because the title gives you a feeling like you can't imagine, and the text draws you in you can't put the book down until you are finished. I can't even begin to describe the ending, all I can say is that you have a great feeling of satisfaction at the end where it ends and you can't wait to read the next book.

- The Christian Counselor's Casebook provides a diverse and challenging set of case studies to prepare the serious Christian Counselor with practice in advising individuals, couples, and families. However, this book should not be used alone. It can only

be understood in coordination with The Christian Counselor's Manual (also by Jay Adams).
