REVIEW OF CORPORATE TAX PLANNING LEARNING ASSIGNMENTS LEARNING

- Another stunning Cornwell thriller. Working my way through a series I started reading over 10 years ago and they still make me want to make sure I've locked all my doors and windows. Hungry for more!
- Economics in One Lesson is another great "must read" book. Like Bastiat's "The Law," it is short and sweet. At the same time, it clearly explains the basic fundamentals of economics. Considering the stupid and abusive actions that are rampant in Congress, state legislatures, county commissions and city councils, the overwhelming majority of these so-called 'leaders' are utterly ignorant. Don't

you be one of them. Buy and read Economics in One Lesson. Then call up your politicians and give them an earful.
