So, what are you waiting for? Start your reading experience today with digital Aspen Plus Aspentech Optimizing Process Manufacturing book downloads. With numerous titles and categories to select from, the opportunities are countless. Happy analysis!

REVIEW OF ASPEN PLUS ASPENTECH OPTIMIZING PROCESS MANUFACTURING

- This is an excellent book. Gloria shares about the six covenants of 'legacy living' in an inspirational way. I loved the weaving thoughts and stories together to reveal the meaning of each covenant in action. Threaded throughout she shares her own poetry and that of others to convey the covenants. The book is a keeper. As I've reread a few sections, I find myself gleaning new thoughts as if reading the book for first time. At the end of each covenant section, Gloria offers reflection questions that can be revisited again and again as one progresses in life. I highly recommend!

- After recently reading "Romeo and Juliet," I can see why it's not considered one of Shakespeare's best. It's good, don't get me wrong-I can't imagine ever giving anything by Shakespeare less than five stars in one of these reviews. It's just that, compared to some of his other plays such as "Hamlet," "Macbeth," or even comedies like "A Midsummer Night's Dream" and "As You Like It," "Romeo and Juliet" comes across as somewhat lightweight. Why is that? I guess my main complaint with "Romeo and Juliet" is that the language isn't quite up to snuff; the metaphors aren't as rich and expressive as those that liberally litter the soil of other Shakespeare plays. Shakespeare's writing is almost always beautiful, but in "Romeo and Juliet," there seems to be more of an emphasis on telling a simple story in the very simplest manner. This is not necessarily a bad thing, but in the case of Shakespeare, what you miss are the transporting turns of phrase that, when they hit you just right, fling you thrillingly heavenward. I've come to feel that Shakespeare has a leg up on 21st century entertainment. His special effects are all on the page. They're hard-wired into the story and appeal to the soul as well as the eye. Unfortunately, in "Romeo and Juliet" there's comparably little there to feed the soul.
