adventures via the basic act of downloading and install Fighting Fantasy 51 Island Of The Undead. Satisfied reading!

REVIEW OF FIGHTING FANTASY 51 ISLAND OF THE UNDEAD

- There seem to have been a mistake in the shipping of the product I ordered. I was under the impression that I was ordering Management Information Systems for the Information Age by Stephen Haag, et al 2nd Edition (2000). However, I recieved the book today (3/11/02) and it is the 1st Edition (1998), and I need the book for class which begins on Thursday,

03/14/02.

- Ambrose Bierce was the one of the 2 writers of major significance to fight in and survive the Civil War (the other being Sidney Lanier). He was bitter to begin with, but the experience changed him into an even more cynical man. An eloquent writer, his best subject is fear: his ghost stories are dark and spooky - the civil war stories are as well, but with the added horror of a very real

war and fear of battle. "Chickamauga" is one of my favorites - Bierce was actually at the battle but the story is fictional, and adds a supernatural angle to an infamous time and place. His writings are ghostly and vivid tales of America in the mid 19th century. The horrific experiences encountered in his tales are both real and imagined. If you are a ghost story fan or an American history/Civil War buff, you'll enjoy Bierce.
