REVIEW OF A BRIEF HISTORY

OF TIME AND OTHER ESSAYS

- YOu go girl Camika....You did a great job for this being your first novel.. Once I got past page three I was hooked (reading the book at traffic lights) I hope your next book is a page turner like this one was... Again thanks

- These characters are wonderful. All the characters are wonderful, even the ones that only show up for a paragraph or two. Miss Donati is a little like Dickens in the way she makes every single person stand out. I think the way she weaves historical detail into her fictional plot is wonderful. Most of the time people won't even notice -- I only caught on to some of it because I'm distantly related to the Schuyler family -- but it really adds something. Some reviewers have criticized the dialogue, which amazes me. There is nothing archaic or formulaic about this dialogue and comical is the absolute last word I would use. Some of these reviewers should cut back on the caffeine. My favorite character is Elizabeth, but Hannah comes a close second. I'm supposed to say something critical too, so here it is: I didn't follow the stuff about the Tory with notched ears and his mocassins until I read it three times. Then it gave me nightmares.
