REVIEW OF MODERN BIOLOGY STUDY GUIDE ANSWER KEY 8 1

- This book is similar to many of the anti-utopias such as Orwell's 1984, Zamyatin's We, and Huxley's Brave New World. This book is targetted more at younger audiences than the other anti-utopias, but it is still a very interesting book. It is about what life is like when you have escaped from freedom in the name of happiness. Much like We, the people in this community of sameness are proud to have surrendered differences and freedoms, because noone has ever been as consistently happy as them. If you like The Giver you should definetely also read We and probably some other dystopias as well.

- I give it a thumbs up and I will definitely be buying the next book in the series by Lois Lowry
