You can also follow us on social media to remain current with our most recent offerings.

So what are you awaiting? Beginning exploring Little Miss My Complete Collection Box Set recaps today and uncover your next wonderful read!

REVIEW OF LITTLE MISS MY COMPLETE COLLECTION BOX SET

- This book really makes you think of how hard it was for African Americans during the 1930's and it captures your heart almost immediately. You feel like you know the characters and I would recommend this book to anyone!

- Early this year, I took a trip to the Huntington library in Los Angeles where I saw a copy of an early manuscript of the "Canterbury Tales" and a little voice told me it was time I read this classic I had heard about most of my life but had never touched, not in high school or college. I knew nothing about the "Canterbury Tales" other than it was very old and written by Geoffrey Chaucer. I only vaguely knew it wasn't written in modern day English. I knew that I wanted to read the book in middle English because of a quaint notion that I needed to hear Chaucer's voice speak to me over the centuries. I might not understand much of it but at least I would have the experience, like with Shakespeare of a kind of intimacy was the text. The first attempt at the "Tales" was a Norton critical edition but I purchased it before realizing it only contained nine of the tales. So then I searched for a more expansive edition that contained all of them, even the fragments and the often discarded, Parson's tale. That lead me to this one edited by A.C. Cawley. It cost me \$3 dollars and was published in 1975 which gave the book itself a ye olde flavor. Add to that the musty smell and I felt very comfortable with my book. Cawley doesn't over do the glosses and annotations to Chaucer's tales but he select the seemingly right word or phrase to offer up in modern English that helped my comprehension. I should admit that I used two other aids, Peter Ackroyd's retelling and also an Oxford guides to the Canterbury Tales. They were useful and I will review them separately. So what to make of the classic itself? My overarching feeling was that Geoffrey Chaucer must have had a devilish glint in his eye. That for all the piety, the religious sentiments and moral teaching contained in the tales, I came away with the sense that he didn't take any aspect of humanity too seriously. He saw in himself and others the absurdist, contradictory, peevish, sinful, humorous makeup of humanity. I relate to him because of that. Other thoughts are that it sucked to be female during those times as women had no autonomy, being forever tethered to a husband or father or cast aside as a widow or nun. And yet men feared women's sexuality to such an extent that it could cut short a woman's life through no fault of her own. The other thought is about how a religious world view was front and center and commerce was a minor matter. Yes, people wanted to be rich and powerful but only if it didn't jeopardize ones standing with God. And many occupations were somehow connected to the church, it was the corporate state in its day.
