- Very beautifully written. I won't write much but I will just say how profoundly this book is changing the way I perceive my own marriage. As other

reviewers have stated, the Old Mistress remarks that so many people live and order their lives striving for the ultimate culmination of marriage. Then what? Life goes on. There are more chapters in the book. Why stop here? In order for a relationship to be healthy and valid, more than one personality must exist. Two real individuals contribute to the health and longevity of a marriage/relationship. Wives should not lose themselves and/or their identities once the marriage has begun.
