So what are you awaiting? Begin your 1997 Dodge Dakota Repair downloading trip today and experience all the advantages and comfort that the digital world of books needs to offer!

## REVIEW OF 1997 DODGE DAKOTA REPAIR

- When I was eight or nine, my mother saw me reading "Princess of Mars," and removed it from my eager grasp, stating "You don't need to be reading that. It is just a trashy book." Well of course,

that piqued my interest even more and when I saw the book among some other discarded items in the garage, I read it in bits and pieces whenever I could steal out to the garage and read a few paragraphs. I am not sure, at this late date (that was 64 years ago) whether I finished the book or not, but I clearly recall that it was magical and engrossing to my prepubescent brain and ranked right up there with my Big Little book of "Pinocchio" and my wonderful "Dr. Doolittle" stories. Inspired by the release of the new movie, "John Carter," I took up "Princess of Mars" again and read it through on my recently obtained Kindle. I have to say that I thoroughly enjoyed the book and for a few priceless hours, it rekindled (yes, pun intended) my sense of wonder and delight in the fantasy that Edgar Rice Burroughs so skillfully fashioned. Yes it is a fantasy, not science fiction as others have said. There is little science in "Princess of Mars." It could have been set in Atlantis or Mu or a world named from Burroughs imagination but Mars was a perfect choice because coeval writings of astronomers such as Percival Lowell and Schiaparelli spoke of canals on Mars and it was supposed where there were canals, there must be intelligent canal builders. There was lots of speculation on what the canal builders might be and many thought they were surely humans like us. It is a shame that the canal builders, and the canals they supposedly built never existed. But Burroughs imagined world is marvelous. And you will love the characters: John Carter of Virginia, Dejah Thoris, Tars Tarkas and all the denizens of Mars, or Barsoom as the natives call their planet. I can close my eyes and see them now. If you still retain your sense of wonder or would like to bring it back to life, don't miss reading "Princess of Mars."

- This is a quick read and fast moving book. Don't watch the movie too you've read it. The movie barely does it justice...unique book I would recommend to all
