Join our community today and start your trip into the world of literary works with very easy downloads of all your favored books like **Antimanuel De Philosophie Michel Onfray!**

### **REVIEW OF ANTIMANUEL DE PHILOSOPHIE MICHEL ONFRAY**

- One of the saddest things about seeing the Star Wars prequels taking such a drubbing from critics and fans is knowing how hard the artists and designers work to make these movies go from concept to the finished film. I admit it; I am one of those rare fans who apparently enjoyed Episodes I and II, and I owned this book several weeks before Attack of the Clones was released in May 2002. The book is beautifully designed and Mark Cotta Vaz's accompanying text to the conceptual art is

authoritative yet accesible even to younger readers. The many designs -- even those not used in the movie -- evoke memories of the earlier trilogy's Art of...series, and one can see the "evolution" of the many ship and costume designs to what fans call Classic Star Wars. (To me, the most interesting "fact" is that Obi-Wan's Jedi Starfighter's lines will be echoed in the evil Empire's Imperial Star Destroyer.)The screenplay by George Lucas and Jonathan Hales (who also wrote the story for The Scorpion King) is included. It is the complete "before edits were made to the film" draft, which allows readers to catch glimpses of Padme Amidala's family and other scenes that were filmed but later deleted. (Those scenes are included on the extra features disc of the Episode II DVD set, but some fans may only have the VHS version instead.)For Star Wars fans and film art aficionados, this book is definitely a keeper.

- If your vegan, you know that its tough to make or find good food. Every single dish (and there have been plenty of them) that I have made from this cookbook has been 100% delicious. The consistancy is impecable. I have many cookbooks and this one is by far the best. The recipes are easy to follow and the varity of dishes is what keeps me opening it up night after night. I recommend this cookbook to anyone who is interested in having GOOD vegan food. I have served some dishes from this book to my non vegan or non vegetarian friends and they have said "wow, i could totally go vegan if you cooked for me." You wont be disappointed.
