## REVIEW OF WORLD LATITUDE AND LONGITUDE ACTIVITY

- Great travel book. Imagery was good and the descriptions were more than adequate. I more than once thought I was right there and that's a good thing. However it sort of lost steam at the end and I truly believe Steinbeck got homesick during the travels, and tired of writing near the end. All in all, a pretty good read, can be read in a couple of nights for those that need a quick fix.

- Steinbeck's travels across the country with Charley the dog reveal a lot about human nature, self-discovery, attitudes and opinions of the "everyman", and so much more. Each chapter is a super focused slice that tells the truth and lies at the same time, while both romanticizing and bringing to solid-ground America and Americans. An absolute must read for Americans of all walks.
