REVIEW OF LADIES AND GENTLEMEN THE BRONX IS BURNING 1977 BASEBALL POLITICS BATTLE FOR SOUL OF A CITY JONATHAN MAHLER

- I have nothing to say about the writing of this book -- in the technical sense. I bought it for my cousin a couple weeks ago, and being me, sneaked a peek at a couple of chapters . . . ended up reading the whole book. I found the writing itself good -- in terms of flow, grammar, etc. I felt the pacing was a little off, however. The book goes on for a very long time . . . and not a whole lot gets done. It seems to try to mimic the epic style of Tolkien, and it doesn't do it very effectively.

Tolkien might sound a little archaic, but the pacing is very good, whereas this drags. I also felt that it borrowed too much. Dragon Riders . . . Anne McCaffrey (sp?), Ra'zac . . . Ringwraiths (Tolkien)/Myrddraals (Jordan), Urgals . . . orcs/trollocs. The elves were very Tolkien-esque, as were the dwarfs for the most part, and some of the place names seemed to be taken straight out of LOTR and tweaked a little. The "mad" Dragon Riders is again reminiscent of Robert Jordan (who I felt was weak to begin with) -- the male side of magic being "tainted", etc. This type of borrowing made the book extremely predictable. Paolini tries to string out the "revelation" about Brom as long as possible, but I was expecting it for half the book. The main character, Eragon,

also feels like a "Mary Sue". He is athletic, finds the dragon egg, manages to raise the dragon in secret, becomes good with a sword, has magic powers, etc, etc. In short, he is good at whatever he does, and better than everyone else. Once again, predictable. I remember thinking "who is this guy?" (i.e., the author) while I was reading, and when I saw the note at the back about the book being written by a teenager, it all clicked into place. The writing is good, yes, but immature. In a young author's section, I would doubtless give it kudos . . . but out there among the fantasy books . . . don't spend your time on this. Tolkien was better.

- As a kid, you may not think I know what I'm talking about, but listen. Most of the people who read this book are

children. Most of the childrens reviews are in favor of Eragon. It's on the New York times bestsellers list for CHILDRENS books, not adults! If you want to know if an adult will like a book, you ask an adult who's read it. If you want to know if a kid will like a book, you ask a kid. Please don't listen to the adults reviews. If a librarian dosen't like it then thats her problem, but to not let the comunnity read it if they want to?!! If you are thinking of buying Eragon as a present for a child, then you must see if the kids

like it, and they do. THis story will captivate any child with characters that you can identify with, the best storyline EVER, and an amazing world where you can do things that are impossible to do. You'll be drawn in and it's like these things are really happening to you!P.S. If by any chance Chris is reading this, then please call the middle school in New Albany, Ohio! I would realy love to meet the aouther of the best book I ever read!!! And so would lots of people in my school.
