REVIEW OF RUKMINI KALYANAM ENGLISH SLIBFORME

- The book was brand new and it had the original art work on the cover and inside. It as a gift and she loved it.

- Have you seen the movie, but not read any of Tolkien's books? If you didn't really understand what was going on, or are wondering why its such a big deal, then do read this book. "The Hobbit" will get your imagination going on all cylinders - so to say. There is so much going on. Lets start with the adventures - a new one unfolds literally every few pages. Have patience and get through the first few pages, especially if you've read any or all of the Harry Potter books. Tolkien's epic is dramatically different from Potter's magic. Then, there's the hero and other characters - each one as exciting, interesting and lifelike as the others. You'll have so much fun just trying to mentally sketch out their personalities. Finally "middle earth" - the environment in which the story is set, cannot get any more interesting and exciting, although it is bleak at times. But, remember its all in the imagination. Every reader will probably imagine the story in a different light. That's the best part - the book's an experience and no two experiences are the same. The movie - now that's a completely different matter...
