REVIEW OF GREGG REFERENCE 11TH EDITION ONLINE

- Published in 1955 - I have never ever cared for this volume and until I read *The Mystery of The Aztec Warrior* thought it was the worst in the series. To me I always found it a suffocating book and I can't explain why. Tony plays a prominent role in this one and to the books credit at least they encounter the criminals a fair amount and there is a little action. The latter chapters were fairly decent. Its worth reading - once -but honestly compared to the other volumes in my opinion this is among the cellar dwellers. (Almost a 2 Star - but not quite) RATED D

- I thoroughly enjoyed this book. I had been searching for something else to read by this author after reading the short story she did in "A Very Gothic Christmas". Professor Dexter Harrington, a sex scientist needs help. He has decided to go through with the arranged marriage, (his deceased parents set up when he was a child) however he's been told that he lacks passion and feels he needs to learn how to speak "love words" to a woman. His secretary/best friend, Cummings suggest he hire romance writer, Zoe Wilde aka Mallory Ginelli who has read her books as a guide to see what women want. Mallory always wanted to go to England and she also needs the \$20,000 advance to pay for her sister's gambling debt and reluctantly agrees to go with her best friend, Freddie aka Freida Feldman. After discovering the type of research she was needed for, the 26 year old virgin becomes hysterical. Since the professor firmly assures her that there would be no hanky-panky, she is obligated to teach him (\$20,000 worth of obligation that he uses to manipulate her into staying because he already knows how desperately her sister needed the funds). I was actually glad the

author let us know what was causing Genie (her sister) to continually get arrested and create gambling debt she has no means of paying. What will be the professor's score in the mating game? Pick up this book to see, it's definitely a keeper.
