REVIEW OF DATABASE MANAGEMENT SYSTEM BY PETER ROB SOLUTIONS

- I read this book in

school when I was younger and its one title that has stuck with me since then. I'm not too articulate, so I can't go into much detail. I'll just say I really loved this book.

- This book is full of suspense, and it has some interesting information. There is also a love story that only makes it better. I would recommend this book to any fan of MZB.
