### REVIEW OF INDUSTRIAL ORGANIZATION THEORY AND PRACTICE

- The product, 'Claude de Bernales, the Magnificent Miner', was delivered within the advised period of time. It was well packaged and protected. The service for this product was first class. The book itself was exactly what I expected, and gave me the information I required.
- This was one of the few books that drove me to sleep some times and bearly awake at others, You either LOVE it or HATE it and frankly it is only good to drive Owls to sleep at night. It is not JUST a yawner but it was so sereal it didn't seem like historical fiction at all it remains a tail of a un mentaly balanced father with a screwy daughter that needs a labotomy. In short this book could of used more refining because it is way off!PS:GET TO THE POINT!
