REVIEW OF QUANTITATIVE TECHNIQUES IN MANAGEMENT BY N D VOHRA

- Love V.C.Andrews, another book in my favorite series by this author. Am sure I will be reading them over and over!
- Another great addition to the world of the Drenai and the adventures of Druss the Legend. This time Druss travels through the lands of the Gothir and the Nadir. The early history of the Nadir, the origin of the Uniter and the driving force behind these people that makes them into the deadly barbarian hordes of the earlier books is revealed. The excellent characters and fast-paced adventure that you expect from Gemmell are back. Highly recommended!
