#### **REVIEW OF C SHARP PROGRAMMING EXERCISES WITH SOLUTIONS**

- If you love the look of cables, textures and Aran Sweaters, you will love Alice Starmore for putting together this book. This book is a treasure.
- It reads like a very practical guide for would-be pornographers. That is both a plus and a minus, because it doesn't take much to see that it is probably an uphill climb to make any sort of decent income this way. Lots of work, lots of challenges, and you are not at all likely to do this secretly or on the side.
