REVIEW OF 14 NECO BIOLOGY OBJECTIVE AND THE PAPER TYPE

- Doom StonePaul ZindelThere is a boy named Jackson Cawley, and his Aunt Sarah is an archeologist. His aunt invites him to come to Stonehenge, where he witnesses a murder. A shadowy figure kills a man near Stonehenge. Then the army gets involved. He and his aunt go on a search with them and find the murderer. It is almost skeleton, but has a thin transparent skin. It bites Jackson's aunt on the back of her neck. This is a good book for people who like suspense and mystery. It is gory, but it is a very good book.

- Colin Shober7-04/25/05The Doom StonePaul ZindelThe book The Doom Stone is very interesting and intriguing and this is not a book that will bore you. This book is about a boy named Jackson who is visiting his Aunt Sara in England. On the way to Aunt Sara's house, Jackson witnessed a man getting attacked by a figure he couldn't quite make out. The same monster later attacked his Aunt Sara. Now Jackson and his new friend Alma are the only ones that can figure out the mystery of the monster.I liked this book because it was exiting. It has a lot of action pact scenes, and at times, it is gory. It also makes you think at parts. If you like these things in a book, I suggest you read The Doom Stone.
