## REVIEW OF RANG AND DALE PHARMACOLOGY 7TH EDITION PDF DOWNLOAD

- While not perhaps as memorable or timeless a work as his "As We go Marching" or the invaluable "The Roosevelt Myth," this 1951 book by John T. Flynn is nevertheless an important one. It's also strangely timely: some of the issues and personalities surrounding the question of "Who lost China?" have been raised again in Ann Coulter's recent "Treason." Coulter readers interested in exploring the question more fully could do far worse than to track down a copy of this title. John T. Flynn, of course, was a tireless slayer of sacred cows, and one of the central figures of the anti-Rooseveltian, anti-New Deal coalition now remembered (by some) as the Old Right. This book deals largely with the question of Communist domination of Asia, in particular China and Korea. But most of the attention

is focused in the U.S., and particularly upon the men -- some dupes, some Comsymps (ah, for the good old days of Red-baiting language), and a few dedicated Soviet agents -- in Washington and elsewhere who made that domination possible. A key part of Flynn's thesis is that the print, film, and radio media were deliberately employed to soften Americans' natural opposition to Communist totalitarianism, and to prepare them for the idea of Soviet "partnership" in the post-World War II era. A large section of the book is filled with examples of pro-Communist propaganda in all three media, and the silencing (contra the "McCarthyism" myth) of critics of the Russian or Chinese Communists. In partnership with the pro-Communist agitprop (another nearly forgotten term!) were the missteps and blunders committed by political leaders, particularly FDR, Marshall, and Acheson. Truman, too, receives his fair share of blame. But as Flynn notes, most of the seeds of "our tragedy in Asia" were planted during the FDR years. Does any of this matter any more? Flynn's lessons about the propagandistic power of the media are certainly still relevant and worthy of deep study. And though the guns are silent, China and Korea are certainly still in the headlines. Unraveling the mythology of the rise of Communism in Asia is essential for grappling with the situation there today. Perhaps most important of all is taking the time yet again to knock the pins out from under the vastly inflated reputations of FDR and Truman. Few men have ever performed that valuable service better than John T. Flynn. He deserves to be remembered, and read, with our thanks.

- As a veteran law enforcement officer who has read many books written by current and retired police officers, this is quite possibly the best one I've read yet. The author comes off as the real deal, and does not use a lot of overly dramatic terms to get his points across, he just lets the stories speak for themselves. He also does not attempt to make himself come off as the perfect cop, or person, for that matter. This guy is the real police, which is about as high a compliment as one cop can give another.
