REVIEW OF HOOFDSTUK 1 MANAGEMENT ACCOUNTING PLAATSBEPAALING EN

- Like many readers of the Earth's Children Series, I waited long years for this book to be released. I even took the time to reread the four previous books. I should have stopped after reading Mammoth Hunters. The plot lines ran the same course in Shelters. I was not pleased with Plains of Passage due to the transitory nature of the book and was hoping this would "pep" back up the series. If this is what we can expect from Ayla and friends in the future, I would avoid subsequent works. The one bright spot was the hint that the next book might provide something new. How many years will we wait and see this time? I should have been reading my copy of Hansen and Kwaler's "Stellar Interiors" for class. It would have been more enjoyable.

- 750 pages, and NOTHING happened!
