## **REVIEW OF OREGON FOOD BANK USDA COMMODITIES GENERAL FOOD BOX SIGN IN**

- I'm not sure if anything like this Republic of Gilead could ever happen but it makes me grateful for the world we live in now and how I take for granted all the freedom I enjoy. Atwood really knew what to write to make people want to read more about this strange society these people put up with. There are so many questions I had but that was part of the mystery of this world and it actually made me imagine what was happening if Atwood didn't directly tell us. I enjoyed this book alot and am very glad I read it.

- This book was awesome. I think it would be good for anyone, especially those people who don't like the way our society is headed right now. I felt it was very realistic in how it portrayed the future; even a little scary maybe. The way Atwood wrote her review added to the mood of the book as well, because it was so simple, yet devoted to the senses. It was the kind of book that I could not put down, and always wanted to read more of to find out what was going to happen. This book was even better after we did some research on it for my English class, because there were many small details that related to current issues. I would definitely recommend this book to anyone, because I know I really liked it.
