REVIEW OF IN THE BEGINNING THERE WERE COINS STARRING JAY NOBLEZADA DVD

- I could not find this book at the library so I was happy happy when I found it online and it was shipped to me and arrived the next day.

- I found this to be the best of the "Unleashed" series, and having read (and owning) many technical reference journals, I feel I have a pretty good reference point. As for the negative comments I've seen about this book, they have all pointed to the paperback version, which must be completely different from the hardback (Professional Reference Edition). All I can say regarding the negativity is the one I bought was well worth the money.
