REVIEW OF 007 017 TO MAX TORO

- ERAGON has joined my favorites shelf for a long time. I truly enjoyed the story, which, yes was a bit like Star Wars and Tolkien and Anne McCaffrey...but then, what books aren't? I mean, how many books have you read that changes the, say, elves from Tolkien's traditional silver-haired, long-living graceful creatures to anything else? The public just wouldn't accept it. Despite the resemblance to Tolkien and the names, which were, yes, very much like those of the LOTR's, I really loved this book. The story keeps you reading, and in fact, my only complaint about the actual narration and the events is that Eragon tends to black out way too much. I felt like every other chapter began with "as Eragon blinked and opened his eyes..." or ended with "and suddenly it all went black." Otherwise, a highly entertaining read...I attribute the "copycatting" of other authors as just a sort of respect and looking-up-to to them. Please read! I highly recommend it!

- Just from reading the reviews you either get the picture that it is a complete flop, copycat, poor writing style or the best book that the reader has ever read, it is intriguing, wonderful and complete. I must say that I fall into the it is the most wonderful book ever category. I since I am in the middle of trying to write a book myself I find I get a lot of inspiration from my favorite authors, Tamora Pierce... and I find myself getting ideas from them although you vary them slightly. That is what Christopher Paolini has done with many books but for his first book it is very good. He wrote the book for children not adults who are going to pick apart with every little mistake and find everything that is bad with it. Now that there are so many fantasy books out there is it hard not to get an idea that doesn't have some relation with another book. I am not going to tell the story because there are 844 some reviews that do that already including an earlier one of mine. I think that many of the adults that are trashing this book should realize that this is a children's fantasy book not some highly experienced author that has written an adult's book. This is a truly good book that many children and adults will like. I have recommended this book to all my friends cousins, aunts, uncles, parents and they have all liked it so I think that if you look at it from a different point of view, not one of he copied Lord of the Rings and many other books and all those other negative comments but that this is his first book and he was only 15 when he started it you might enjoy it much better. His writing style will improve with years of practice. I recommend this book to all children who like fantasy books and are at a lost of books while we are all waiting for the 6th Harry Potter book.(...)
