## REVIEW OF ENGINEERING SCIENCE 31 MARCH 2014 QUESTION PAPER

- I really like these kind of books. I had so much fun reading about his weird shenanigans, I liked it almost as much as "Everything I Need to Know About Life I Learned in the Bush" and I liked it more than "Life is a 'Transit'-ory thing". It's really fun to read stuff like this on a rainy day, or even on a sunny day. What else can I say? I just really enjoyed this book.

- if you are as much of a pop-culture whore as i, and you've read this fantastic memoir about growing up and being influenced by the 1970s - 90s, then you understand completely why i titled this review "exactly." i read this book several times and have poured over every page; i just can't get over the fact that I didn't write this myself!!!!!!!!!!!!!!random fact: i loaned a friend my copy of this book; he never gave it back. i bought another copy, and he insisted that he lost the first, so i let him borrow my new HARD copy; he won't give it back.. he, too, feels as though he coulda written this book.by the way, all of klosterman's books are fantastic....
