## REVIEW OF STATISTICS FOR MANAGEMENT BY RICHARD I LEVIN GOODREADS

- This is a great book. If you read it you would see why it was made into a movie. It is funny and sad. It is a very good book (one that I recommend) for kids under 12. Don't just see the movie, read the book
- The story of Eva and Rolf is spellbinding. Isabel Allende proves to be a wonderful writer with this book. The only problem is that the book turns boring at some point, some parts drag on for too long and she seems to get lost in tangents. Otherwise it's an excellent book.
