## REVIEW OF HONEYWELL TRUSteam TROUBLESHOOTING GUIDE

- The novel, *The Traveler*, is not just a novel that focuses on one storyline. There are many "ideas" that are touched on throughout. Androgyny, death eroticism, and the novel as a right of passage are just a few. Antal Szerb uses these different storylines to capture the reader's attention, in my opinion at least. Instead of just focusing on one theme, Antal Szerb keeps the reader's interest with his unique writing style. Even though the novel has different themes, it is ultimately about Mihaly's search of self; self discovery. This novel is by no means a traditional one. It is very unpredictable which in turn makes it very fascinating. Antal Szerb definitely took risks with this novel and in the end it turned out to make it all that better. In addition, this isn't just a novel that you can read and understand. In order to fully understand the meaning behind the words, one must analyze the different themes and how they interconnect with each other. This novel involves thinking outside the box, which consequently helps the reader experience the full effect of the novel. I would definitely recommend this book to anybody who is daring enough to read something different. It was brilliantly written and thought out. I enjoyed reading this book wholeheartedly.

- This novel is about a man named Mihaly who is trying to find happiness with his life and with himself. The story starts off while he is on his honeymoon in Italy, there he begins to remains about his childhood friends, Tamas and Eva, and he begins to feel as if the games they would play were the root of his sexual fantasies. Mihaly's friend Tamas passed away and his spirit begins to haunt him and this causes him to fall into depression. After falling into this depression he leaves his wife and begins a search for the people whom he shared these childhood memories of joy with. While one his search Mihaly becomes infatuated with his old friends and with the thought of dying. Dying was also a part of the game that they would play as children. He does not fully get over his infatuation with his old friends and death till he himself is faced with a moment were he feels he is going to die, and he recognizes that he is afraid of dying.
