REVIEW OF MAPPING THE SOCIAL LANDSCAPE 6TH EDITION

- I believe that the author's purpose in the "The Lord of the Flies" was to show that without laws, there would be chaos in the world. To show that authority is trully needed in the world . I agree one hundred percent with this message because there is a need for consequences for people who refuse to listen to authority. The literary element that Golding handled the best was symbolism. For example, the conch was a symbol of authority and power. When the conch was broken , there was no authority , but complete chaos. This book is believeable because it is possible to get stranded on an island and it is possible for people to become mean and spiteful. The only bad thing about the book was some of the words were hard to understand. If I had written the book. I wouldn't have used such large discriptive words But " The Lord of the Flies" was a good book and I would recommend it to my friends or anyone looking for a good book to read.

- I thought that upon first "judging this book by its cover" that it would be long-winded and probably somewhat off-focus historically. Wow, was I wrong! Once I picked up this book, I couldn't put it down. As a student of history, I must say that the author does a wonderful job of integrating a story into a fascinating time period. Throughout the book I kept asking myself, "Who exactly is the other Boleyn girl - Ann or Mary?" and I bet you will too.
