REVIEW OF SENTENCE STRUCTURE EXERCISES WITH ANSWERS

- The thing most of the reviews seem to be missing is that this was written in 1995 (when Linux didn't even -function-) and OSS was in reality, barely off the ground. Most reviews carp about how this os/book is a "no show" - that's not really the point. It shows all of the bits necessary to write an OS from scratch. Apparently, few of the readers have actually worked in industry.

- Sorry, but I didn't like it at all!
