REVIEW OF AVAYA CM ADMINISTRATION GUIDE

- I know it's horrible, but I JUST read this and I can't believe it took me this long. Lately I've been laying off the real reads and sticking to mags, blogs, and thrillers...with a few nonfiction pieces thrown in for good measure. I picked this up because it's the only mass market I own (someone gave it to me) and I was headed on a trip. I couldn't figure out why, but I couldn't put this book down. There's no big suspense, no mysteries to figure out, no major plot twists (or big

plot, for that matter), but I couldn't stop reading it. This book reminded me what reading used to mean to me before I let myself get so caught up in reading current events and career-related stuff. This book is about hope. The characters are amazing and you grow to love them all. Then you keep turning the pages because you can't bear to give up hope that everything will come out all right.

This book is a lesson to all, without offering up any blatant fable-type morals. Please read it...and just enjoy.

- This book is superbly realistic and worth reading over and over again! I don't think you could ever get bored with this book! The characters in this book open up your heart and soul. A MUST READ!!! Eve
